A. Feedback on Curricula and Learning Platform Preamble

Feedback from key stakeholders, including students, faculty members, and subject experts, is systematically collected to assess the quality and effectiveness of various curricula, academic learning processes, and the overall support provided by the Centre for Distance and Online Education (CDOE) at Manav Rachna International Institute of Research and Studies (MRIIRS). This feedback is gathered in accordance with the established Policies and Procedures. Using a Google Form link, the feedback is collated and analysed to ensure the continuous monitoring and enhancement of curriculum quality. This process also encourages active participation from all stakeholders in the ongoing improvement of the programs of study.

The following stakeholders provided feedback on curricula for the mentioned parameters on a 5- scale rating (Outstanding, Very Good, Good, Average, Below Average):

- Students
- Faculty members & Subject experts

Templates of the above-mentioned feedback forms are included in Annexures I, and II respectively.

MINUTES OF THE MEETING

Ref No: MRIIRS/CDOE/2024-25/26

Date: 17-06-2025

In reference to the meeting vide MRIIRS/CDOE/2024-25/25, a meeting has been conducted for the analysis of stakeholders' feedback on the Curricula and Learning Platform on 16-06-2025. The following Committee members were present.

Dr. Shaveta Bhatia
(Professor and Deputy Director-CDOE)

Chairperson

Dr. Mridula Batra
(Associate Professor and Assistant Director-CDOE)

Member

Ms. Ruchika Sahu
(Assistant Professor)

Member

Radhika Batra

Coordinator

(Assistant Professor)

Mr. Sohail Imran

Assistant Manager IT, CDOE

Mr. Satish Kumar (Assistant Registrar) couldn't attend the meeting due to health issues.

The Chairman opened the meeting by welcoming all members and outlining the scope of the discussion. The agenda items were reviewed, and necessary actions were agreed upon to implement the suggestions received.

Agenda item: To review and analyse the feedback from stakeholders regarding the curricula and learning platform.

Based on the feedback received from various stakeholders, the committee members have thoroughly analysed the feedback and submitted the following observations:

1. It was recommended that faculty members be encouraged to use English as the primary medium of instruction and Hindi as the secondary medium of instruction during sessions to ensure inclusive communication and better

Meenakshi

understanding among all students.

2. Additionally, the committee emphasised the importance of Programme Coordinators maintaining effective communication with students and resolving their issues within 48 hours.

Students' Feedback for Faculty

Detailed Parameters

Meenakshi

Output graph and Analysis

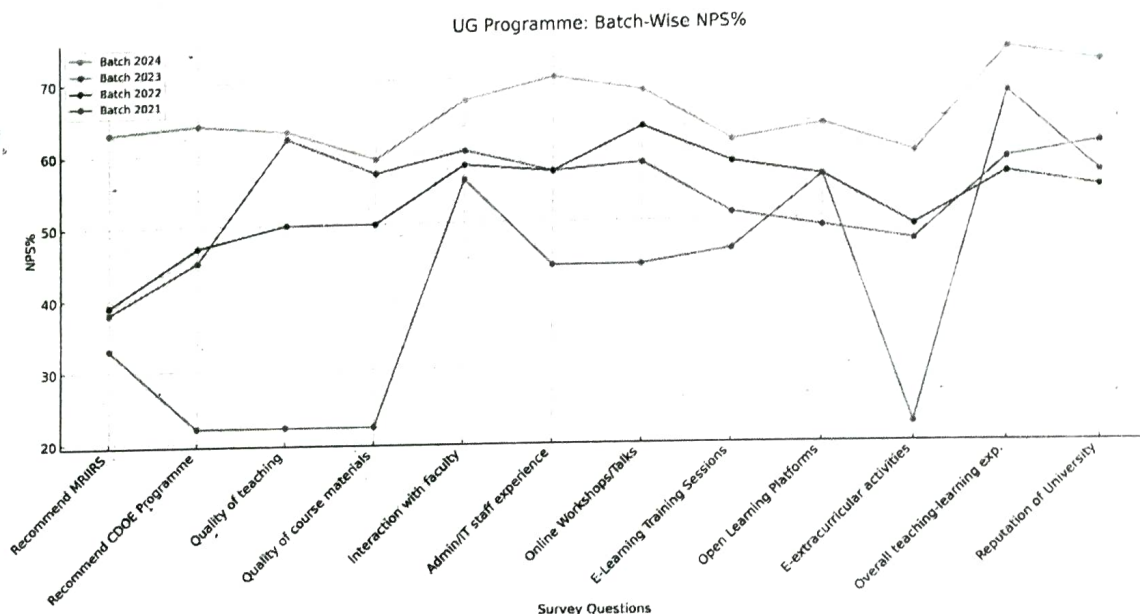

1. The data in Graph 1 reflect a high level of student satisfaction with the CDOE portal and services at MRIIRS. Over 90% of students consistently rated various aspects, such as content accessibility, e-learning resources, expert-led sessions, and technical support, as Outstanding to Good. Notably, categories like technical issue resolution (93.6%) and e-learning resources (94%) received top weighted averages, with negligible or no negative feedback, indicating effective digital infrastructure and positive student experiences overall.
2. The feedback data in Graph 2 reflects a highly positive response from learners at CDOE, with over 90% rating all parameters as Outstanding, Very Good, or Good. Notably, interaction with faculty (91.4%) and overall satisfaction (91.0%) scored particularly high, indicating strong academic engagement. Minimal ratings for "Average" and none for "Below Average" suggest consistent quality across teaching, extracurriculars, and support services, affirming CDOE's effective digital education delivery.

**Subject: Submission of End-term feedback on Curricula and Learning
Platform Analysis Report of Centre for Distance and Online Education
for AY 2024-2025.**

Respected Sir/Madam,

The Curricula Analysis Report has been compiled based on feedback received from students, faculty, and subject experts for the academic year 2024-25. Following the feedback analysis, the key issues reported by students have been identified, and recommendations for further action have been presented.

Summary of Respondents for Feedback on Curricula for AY 2024-25

Stakeholders Involved	No. of Respondents
Students	571

Meenakshi

Manav Rachna International Institute of Research and Studies

(Deemed to be University under section 3 of the UGC Act 1956)

Centre For Distance and Online Education

ATR on Suggestions/Recommendations received on End-term feedback

S.No.	Suggestions	Action Taken
1	Faced difficulties logging into the LMS portal.	The IT team has set up a dedicated helpdesk and IT support team to resolve login issues promptly.
2	Technical Glitches and IT Issues.	Provide students and faculty with user guides or short video tutorials to handle technical problems.
3	The volume of assignments and quizzes assigned to students is comparatively high.	The assessment load was reviewed and balanced to ensure meaningful engagement and better learning outcomes without overwhelming the students.
4	The assured placement opportunity was not delivered.	Tried to strengthen more industry linkages to organise regular placement drives and also arranged sessions on Soft skills, Aptitude tests, domain-wise sessions and interview preparation sessions for the students of CDOE.

Meana

Output graph and Analysis

1. The curriculum feedback data in Graph 1 indicates overall satisfaction, with most respondents rating key areas as Outstanding or Very Good. Students appreciated the suitability of the curriculum, relevance to future technologies, and the availability of learning resources. However, concerns emerged around industry interaction, the balance between theory and practice, and involvement in curriculum enrichment. While the assessment pattern and academic flexibility were well-received, areas like practical exposure and pedagogical innovation require attention. Notably, the weakest area was industry integration, highlighting the need for more real-world engagement. Strengthening these aspects could significantly enhance the learning experience and better align it with professional and research demands.

2. The faculty feedback data in Graph 2 highlights a generally positive perception of the curriculum, with strong ratings for availability of learning resources (87%), suitability of curriculum (86%), and aptness of the examination pattern (85%). Faculty members also appreciated the relevance to futuristic technologies and academic flexibility. However, areas needing improvement include industry interaction (69%) and faculty involvement in curriculum enrichment (77%). While most parameters scored above 80%, indicating effective alignment with academic goals, the data suggests a need for greater integration of real-world applications and increased opportunities for faculty to contribute to curriculum development for a more dynamic and industry-relevant academic structure.

ATR on Suggestions/Recommendations received on Mid-term feedback

S.No.	Suggestions	Action Taken
1	Students expressed concern over the limited exposure to live projects and practical industry interactions, which are essential for applying theoretical knowledge in real-world contexts.	Increased the number of live project opportunities through collaborations with industry partners and alumni networks.
2	Students raised concerns regarding the effectiveness of the placement process and the limited academic exposure to industry-relevant practices and emerging trends, impacting their career preparedness.	Tried to strengthen more industry linkages to organise regular placement drives and also arranged sessions on Soft skills, Aptitude tests, domain-wise sessions and interview preparation sessions for the students of CDOE.

The Chairman opened the meeting by welcoming all members and outlining the scope of the discussion. The agenda items were reviewed, and necessary actions were agreed upon to implement the suggestions received.

Agenda item: To review and analyse the feedback from stakeholders regarding the curricula and learning platform.

Based on the feedback received from various stakeholders, the committee members have thoroughly analysed the feedback and submitted the following observations:

1. It was recommended that faculty members be encouraged to use English as the primary medium of instruction and Hindi as the secondary medium of instruction during sessions to ensure inclusive communication and better understanding among all students.

Meenakshi

2. Additionally, the committee emphasised the importance of Programme Coordinators maintaining effective communication with students and resolving their issues within 48 hours.

Meenakshi

Students' feedback for faculty

Detailed parameters

Meenakshi

Output graph and Analysis

1. The data in Graph 1 reflect a high level of student satisfaction with the CDOE portal and services at MRIIRS, even after rescaling to a sample of 623 students. Across all seven parameters, weighted scores ranged from 82.5% to 93.6%, with the majority comfortably above 90%. Timely resolution of technical issues (93.6%) and strong public reputation of the University (93.4%) recorded the top scores, closely followed by relevant expert-led sessions (93.2%) and both accessibility of online content and likelihood of recommending CDOE (92% each). E-learning resources for academic support (88%) and the online fee/registration process (82.5%) trailed the group, pointing to these as the areas with the most room for improvement, even though overall sentiment remains firmly positive and negative feedback stays minimal across the board.
2. The feedback in Graph 2 reflects a highly positive response from learners at CDOE even at the smaller sample size, with all four parameters rated above 90%. Effective interaction with faculty members (91.4%) recorded the strongest score, closely followed by satisfactory quality of teaching (91.2%) and overall satisfaction with the teaching-learning experience (91.0%), indicating sustained academic engagement and consistent teaching quality. Engagement through e-extracurricular activities (90.4%), while the relatively lowest score, still reflects strong participation. Minimal "Average" ratings and virtually no "Poor" or "Very Poor" responses suggest consistent quality across teaching, faculty interaction, and extracurricular engagement, reaffirming CDOE's effective digital education delivery for this cohort of 623 students.

MINUTES OF THE MEETING

Ref No: MRIIRS/CDOE/2025-26/32

Date: 08-05-2026

In reference to the meeting vide MRIIRS/CDOE/2025-26/31, a meeting has been conducted for the analysis of stakeholders' feedback on the Curricula and Learning Platform on 07-05-2026. The following Committee members were present.

Dr. Shaveta Bhatia
(Professor & Director-CDOE)

Chairperson

Dr. Mridula Batra
(Associate Professor & Deputy Director-CDOE)

Member

Ms. Ruchika Sahu
(Assistant Professor)

Member

Ms. Radhika Batra
(Assistant Professor)

Coordinator

Mr. Sohail Imran

Assistant Manager - IT, CDOE

Mr. Satish Kumar

Member

(Assistant Registrar)

The Chairman opened the meeting by welcoming all members and outlining the scope of the discussion. The agenda items were reviewed, and necessary actions were agreed upon to implement the suggestions received.

Agenda item: To review and analyse the feedback from stakeholders regarding the curricula and learning platform.

Based on the feedback received from various stakeholders, the committee members have thoroughly analysed the feedback and submitted the following observations:

1. It was recommended that orientation sessions or guided walkthroughs be organised to help students better understand the course content and assessment patterns, thereby enhancing their ability to complete the certifications successfully.

Meenakshi

2. Additionally, the committee emphasised the importance of Programme Coordinators maintaining effective communication with students and resolving their issues within 48 hours.

Output graph and Analysis

1. The curriculum feedback data in Graph 1 indicates the overall weighted average percentage of 92.0% across six parameters reflects strong student satisfaction. Administrative responsiveness stood out the most, with Queries sort on time by Programme Coordinators scoring the highest at 98.6%, closely followed by Trouble Shooting Technical Issues at 98.2%, underscoring the institution's efficiency in addressing student needs. Accessibility of e-content on the portal also performed well at 96.8%, affirming the strength of the online learning infrastructure, while Relevance of Trainings/Workshops by Industry/International Experts recorded a solid 94.9%. Accessibility of Library e-learning resources (83.5%) and Fee/Registration/Other admin issues (80.0%) scored noticeably lower than the rest, indicating these are the two areas with the greatest scope for improvement particularly around digital resource access and the smoothness of administrative processes even as the institution's core academic delivery and support systems remain strong.

2. The faculty feedback data in Graph 2 highlights a generally positive perception of the curriculum, with the strongest ratings for availability of learning resources (87%), suitability of the present curriculum (86%), relevance of courses taught (85%), and aptness of the examination pattern (85%). Academic flexibility (83%) and freedom to opt for new electives (83%) were also rated favourably, reflecting reasonable adaptability within the academic structure. However, areas needing attention include the overall effectiveness of the curriculum and balance between theory and lab components, both at 80%, as well as faculty involvement in curriculum enrichment (77%). The most notable gap is the slice of industry component/interaction, rated lowest at 69%, suggesting a clear need for stronger industry linkages and real-world exposure within the curriculum to make it more dynamic and employment-relevant.

**Subject: Submission of Mid-term feedback on Curricula and Learning
Platform Analysis Report of Centre for Distance and Online Education
for AY 2025-2026.**

Respected Sir/Madam,

The Curricula Analysis Report has been compiled based on feedback received from students, faculty, and subject experts for the academic year 2025-26. Following the feedback analysis, the key issues reported by students have been identified, and recommendations for further action have been presented.

Summary of Respondents for Feedback on Curricula for AY 2025-26

Stakeholders Involved	No. of Respondents
Students	340
Faculty members	12+3

Centre For Distance and Online Education

ATR on Suggestions/Recommendations received on Mid-term feedback

S.No.	Suggestions	Action Taken
1	Students expressed concern over the limited exposure to live projects which are essential for applying theoretical knowledge in real-world contexts.	Expanded live project opportunities through collaborations with industry partners, integration of case studies and open-source software, and hands-on instruction delivered via screen-sharing sessions.
2	Students highlighted the need for supplementary study materials to support deeper learning, in addition to the content available on the LMS.	Curate recommended textbooks, research articles, e-books, and credible online resources for in-depth study.

ATR on Suggestions/Recommendations received on Mid-term feedback

S.No.	Suggestions	Action Taken
1	Better understanding of platform for new learners.	The IT team has set up a dedicated helpdesk and IT support team to understand the platform with ease of navigation. User guides and short video tutorials (for Teaching-Learning and Examination) are provided to help the learners for smooth accessing of platform.
