Besides, she has been recognised with the Teachers Excellence Award-2023 by the International Institute of Organised Research, MSME, Government of India.

# MCA Programme

## ABOUT CENTRE FOR DISTANCE AND ONLINE EDUCATION (CDOE)

Manav Rachna Centre for Distance and Online Education has been launched under Manav Rachna International Institute of Research and Studies (NAAC 'A++' Grade Accredited Institution) to provide quality education to those students who are not able to draw benefits from conventional systems of Education. Nine programmes in different streams namely Computer Applications, Management, Commerce, Business Administration, English and Economics will be offered by University in online mode with specialization in different domain such as Healthcare, Business Analytics, Data Science, Banking and Finance, Artificial Intelligence, Cyber Security Digital Marketing, Blockchain and many more. In today's opportunistic world, specialized education is essential for successful professional life. Manav Rachna Centre for Distance and Online Education has collaborated with prominent industry partners to provide global career opportunities to the students and acquaint the students with the increased technology intensive requirement of today's time.

## MASTER OF COMPUTER APPLICATIONS- ONLINE

MRIIRS is offering UGC and AICTE-approved MCA Online Degree Programme at the Centre for Distance and Online Education.

“Master of Computer Applications” at the “Manav Rachna Centre for Distance and Online Education” provides a multidisciplinary approach for students to shape their careers inside and outside their domain of education and to meet the evolving needs of society. The commitment of multidisciplinary education is to broaden the participation of students in higher education and leads to a more diverse community. In a multidisciplinary approach, students are inspired to select diverged courses from different disciplines to expand their knowledge, discover themselves through creative thinking and learn the skills of collaboration.

The online programme will help the students to achieve an academic degree along with flexibility and relaxation. This online programme holds equal academic value to an on-campus degree and helps students in developing themselves in an industry ready as equivalent to a conventional degree. Students can perfectly reshape their careers and future through impeccably designed online programmes.

A renowned faculty, advanced curriculum, and technology-driven content delivery lead to the successful implementation of the online programmes.

We have collaborated with the digital leader and industry partner namely Microsoft which provides digital components and an industry-based curriculum to our programme. The knowledge partner will be a mentor and provides certification and resources for the delivery of the courses. Our courses have been designed to meet the needs of the market, ensuring our students receive the most updated education possible.

## CAREER OPPORTUNITIES

- Software Developer
- Web Developer
- Data Scientist
- Database Administrator
- Data Analyst
- Ethical Hacker
